

The Multi Housing Laundry Experience

Washlava lets residents reserve and pay for machines from their smartphone. No waiting. No quarters. No hassle.

FOR MULTI HOUSING

Laundry for the Modern World

Washlava fits seamlessly into today's digital lifestyle and helps apartments, condominiums, and co-ops stay on the cutting edge of innovation while addressing the classic laundry issues experienced by multi housing communities.

Connected Laundry Management

- Increased resident convenience
- Quick, low cost and easy install
- Instant machine error notifications and remote machine resets
- Robust performance analytics
- More efficient laundry rooms via machine reservations and in-app notifications
- Automated, demand-based pricing capabilities
- Targeted marketing and resident engagement
- 24/7 user support and seamless refunds

How It Works

Reserve

Reserve 1, 2 or 3 washers so they're waiting for you when you arrive.

Pay

Hold your phone next to the machine you want to use and click to pay.

Go

Keep tabs on your laundry and get notified when your laundry is finished!

Residents Love Our User-Friendly Features

It's convenient, modern, easy to use and fast!

Reserving a machine before I get there is a GAME-CHANGER!

The real-time notifications are perfect for my busy schedule.

Premium Laundry Experience

Make laundry rooms more productive by delivering a premium, convenient laundry experience.

FOR MULTI HOUSING

RESIDENT SATISFACTION GUARANTEED

Seamless Experience >

INSTALL:

We'll provide you with easy-to-use installation instructions, training, and support, or handle installation for you. We'll partner with you and support your team every step of the way.

Included:

- Proprietary machine control hardware
- Integrated wayfinding LED light system
- Machine + instruction signage
- Lifetime hardware warranty
- Installer training

PAY:

Eliminate the friction associated with quarters, cash, and expensive card systems once and for all. Payments are made seamlessly through the app with credit, debit, and prepaid cards. Card processing is included in Washlava's flat per-transaction fee, so there are no additional costs.

Plus, get peace of mind, knowing that Washlava uses the most advanced PCI compliant credit and debit card processing available.

Full Visibility >

MONITOR:

Monitor your location's performance and machine fleet through the Drive Dashboard or on the go with the Drive Mobile app. Drive connects you to your equipment fleet and puts control at your fingertips.

Included:

- Remote machine monitoring
- Remotely start, reset, and take machines offline
- Revenue metrics
- Resident insights
- Seamless pricing changes

Highly Differentiating

MARKET:

Differentiate yourself from your competitors and **earn more business** with unparalleled capabilities, automated systems, and cutting-edge technology that residents are sure to love.

Included:

- High tech and modern
- Easy installation - no hardwiring!
- The most secure credit card transactions available and PCI compliant

SUPPORT:

We'll be your first line of defense and work as an extension of your team so you can focus on what you do best - creating an awesome laundry experience!

Included:

- 24/7 resident support via phone, text, and email
- Seamless, electronic customer refunds
- Fast notifications to field teams for mechanical issues
