

The Smart Laundry Experience for Hotel Environments

Washlava lets hotel guests reserve and pay for machines from their smartphones. No waiting. No quarters. No hassle.

FOR HOTELS

Laundry for the Modern World

Washlava allows hotels to offer an upgraded laundry amenity by creating convenient, connected laundry experiences while solving classic operational challenges around quarter management and machine visibility.

Connected Laundry Experience

- Increased guest convenience
- Quick, low cost and easy install
- Instant machine error notifications and remote machine resets
- Robust performance analytics
- More efficient laundry rooms via machine reservations and in-app notifications
- Automated, demand-based pricing capabilities
- Targeted marketing and customer engagement
- 24/7 user support and seamless refunds

How It Works

Reserve

Reserve 1, 2 or 3 washers so they're waiting for you when you arrive.

Pay

Hold your phone next to the machine you want to use and click to pay.

Go

Keep tabs on your laundry and get notified when your laundry is finished!

Customers Love Our User-Friendly Features

It's convenient, modern, easy to use and fast!

Reserving a machine before I get there is a GAME-CHANGER!

The real-time notifications are perfect for my busy schedule.
